United States Department of Agriculture

Stonewall Vegetation Project

Final Environmental Impact Statement - Volume 2-Appendices

Forest Service

Helena National Forest

Lincoln Ranger District

April 2015

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue SW, Washington, DC 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.

Table of Contents Volume 2 – Appendices

Appendix A – Comments on the DEIS and Forest Service Responses 1
Appendix B – Proposed Treatment Descriptions and Silviculture Summary 205
Treatment Type and Prescription Descriptions 206
Proposed Treatments by Group and Unit 208
Fuels Treatments.....214
Silviculture Summary 215
Appendix C – Cumulative Effects 243
Stonewall Vegetation Project Cumulative Effects Activities 244
Appendix D – Stonewall Roadless Area Characteristics Worksheet 267
Appendix E – Wildlife Species Viability.....277
Introduction 278
Summary of Population Viability Status 278
Habitat Analysis and Conclusions 281
References 282

List of Tables

Table B- 1. Alternative 2 proposed treatments by group and unit _____ *208*
Table B- 2. Alternative 3 proposed treatments by group and unit _____ *210*
Table B- 3. Treatment unit management area acreages _____ *212*
Table B- 4. Alternative 1 compliance with Forest Plan forestwide standards _____ *215*
Table B- 5. Alternative 1 compliance with management area standards _____ *217*
Table B- 6. Alternative 1 compliance with other Forest Service management direction _____ *219*
Table B- 7. Alternative 2 compliance with Forest Plan forestwide standards _____ *220*
Table B- 8. Alternative 2 compliance with management area standards _____ *221*
Table B- 9. Alternative 2 compliance with Forest Service regeneration harvest direction _____ *224*
Table B- 10. Alternative 3 compliance with Forest Plan forestwide standards _____ *225*
Table B- 11. Alternative 3 compliance with management area standards _____ *227*
Table B- 12. Alternative 3 compliance with Forest Service regeneration harvest direction _____ *230*
Table C- 1. Number of fires in the Stonewall watersheds by decade and size class _____ *244*
Table C- 2. Acres of fuels treatments and prescribed burning from 1950-present _____ *245*
Table C- 3. Past activities _____ *246*
Table C- 4. Ongoing Activities 2010-present _____ *253*
Table C- 5. Foreseeable future activities _____ *256*
Table C- 6. Acres of past harvest and fuels activities in the Bear-Marshall-Scapegoat-Swan IRA _____ *260*
Table C- 7. Ongoing and reasonably foreseeable future actions in the Bear-Marshall-Scapegoat-Swan IRA _____ *261*
Table D- 1. Effects to roadless characteristics _____ *268*
Table E- 1. Primary Information Sources for Determining Population Viability of MIS and Sensitive Species in the Stonewall Project area and the HNF _____ *278*
Table E- 2. Rating system for MIS populations and viability _____ *279*
Table E- 3. MIS and sensitive species potential habitat on the HNF _____ *279*
Table E- 4. Summary of Habitat Thresholds (acres) to Maintain Minimum Viable Populations for Six Species in Northern Region on the HNF compared with Existing Conditions and Post-treatment Conditions Associated with Alternatives 2 and 4 (Based on Intensified Grid Data) _____ *281*

List of Figures

Figure C- 1. Past, Ongoing and Foreseeable Projects within the Cumulative Effects Boundaries (wildfire location information not available, not mapped _____ *259*
