**Draft Record of Decision**

Make the following changes to the Draft Record of Decision (DROD)<sup>1</sup>.

**Inventoried Roadless Area Unit Boundary Corrections**

Based on recent mapping information, the Forest Service discovered portions of six reforestation units (about 22 acres) and five thin existing plantation units (about 13 acres) overlap into the Tuolumne River Inventoried Roadless Area (IRA). These IRA unit boundaries corrections drop the IRA portions of each unit from the DROD.

- **Inventoried Roadless Areas** (DROD, p. 27): replace the first sentence in the fifth paragraph with the following:  
 My decision does not include any activities within or adjacent Inventoried Roadless Areas (IRAs) except where portions of six reforestation units (I122C, I122E, I123B, I133, I134B, I138) and five thin existing plantation units (I121D, I122A, I122B, I134A, and, I135A) are located near the Tuolumne River canyon rim, adjacent to the Tuolumne River IRA.
- Replace all occurrences of **21,300** (Reforestation acres) **with 21,279** (DROD, p. 5, 7, 52)<sup>2</sup>.
- Replace all occurrences of **12,769** (Thin Existing Plantation acres) **with 12,756** (DROD, p. 5).
- Replace the DROD Appendix B unit acres with the Errata acres (rounded to the nearest whole number) as shown in Table 1.

Table 1 Inventoried Roadless Area Unit Boundary Corrections

Unit	DROD (page)	Treatment	ALT	PRSC	DROD (acres)	Drop IRA (acres)	Errata (acres)	Drop (%)
I122C	49	Reforestation	ALT3	VAR	13.256	8.553	4.704	64.52%
I122E	49	Reforestation	ALT3	VAR	24.031	9.777	14.254	40.68%
I123B	49	Reforestation	ALT3	VAR	34.901	0.002	34.898	0.01%
I133	49	Reforestation	ALT3	VAR	19.050	3.268	15.782	17.16%
I134B	49	Reforestation	ALT3	VAR	22.017	0.165	21.852	0.75%
I138	49	Reforestation	ALT3	VAR	20.866	0.264	20.602	1.27%
<b>total</b>					<b>134.121</b>	<b>22.029</b>	<b>112.092</b>	<b>16.42%</b>

ALT=Alternative; DROD=Draft Record of Decision; IRA=Inventoried Roadless Area; PRSC=Prescription; VAR=Variable Spacing

<sup>1</sup> USDA 2016b. Rim Fire Reforestation Draft Record of Decision. April 2016. USDA Forest Service, Stanislaus National Forest, Sonora, CA. 52 p.

<sup>2</sup> The total net change (-21 acres) in overall Reforestation acres is due to incorporating the IRA unit boundary corrections (-22 acres) along with all other reforestation units (rounded to the nearest whole number).
