Decision Notice and Finding of No Significant Impact

The following is a site-specific correction to the Kapka Butte Sno-park Decision Notice and Finding of No Significant Impact. These changes are within the environmental conditions disclosed and it is within the scope of the decision.

Pages 14-16

Tables 5 through 7 do not match the indicator to which they are intended to respond. The following illustrates the proper tables for indicators 5 through 7 as correctly represented in the Environmental Analysis on pages 81-82.

Indicator 4: Provides Opportunities for Recreating with Dogs

The following table displays how Alternative 2 modified responds to indicator 4 compared to the other alternatives.

Table 5. Maintains opportunities for recreating with dogs: Number of miles and type of trail available for recreating with dogs by alternative

Cascade Lakes Highway Area OPPORTUNITIES TO RECREATE WITH DOGS													
TRAIL TYPE	Alternative 1 No Action	Alternative 2 Proposed Action			Alternative 2 Modified			Alternative 3			Alternative 4		
	Total Miles	Proposed New Miles*	Total Miles	Percent Change from No Action	Proposed New Miles*	Total Miles	Percent Change from No Action	Proposed New Miles*	Total Miles	Percent Change from No Action	Proposed New Miles*	Total Miles	Percent Change from No Action
Ungroomed Cross-country Ski Trails	28.6	0	28.6	0%	0.6	29.2	2%	0	28.6	0%	0	28.6	0%
Groomed nordic Ski Trails*	0	6.2	6.2	∞	0	0	∞	0	0	0%	6.2	6.2	∞
Snowshoe Trails	6.8	0.8	7.6	12%	0	6.8	12%	0	6.8	0%	0.8	7.6	12%
Snowmobile Trails	137.2	0.2	137.4	<1%	0.2	137.4	<1%	0.2	137.4	<1%	0.2	137.4	<1%
Total Winter Trail Miles Open to Unharnessed Dogs	172.6	7.2	179.8	4%	0.8	173.4	5%	0.2	172.8	<1%	7.2	179.8	4%

* Does not include the temporary groomed trail, approximately two miles long, near Wanoga Sno-play that is open to dogs (see Table 2-10 for a direct comparison of the number of miles of trail available for recreating with and without dogs).

Indicator 5: Maintains Opportunities for Recreating without Dogs

The following table displays how Alternative 2 modified responds to indicator 5 compared to the other alternatives.

Table 6. Maintains opportunities for recreating without dogs: Number of miles and type of trail available for recreating without dogs by alternative

Cascade Lakes Highway Area OPPORTUNITIES TO RECREATE WITHOUT DOGS									
TRAIL TYPE	Alternative 1 No Action	Alternative 2 Proposed Action		Alternative 2 Modified		Alternative 3		Alternative 4	
	Total Miles	Proposed New Miles*	Total Miles	Proposed New Miles*	Total Miles	Proposed New Miles*	Total Miles	Proposed New Miles*	Total Miles
Ungroomed Cross-country Ski Trails	43.4	0.6	44	0	43.4	0.6	44	0.6	44
Groomed nordic Ski Trails	25	0	25	0	25	0	25	0	25
Snowshoe Trails	12.7	0	12.7	0	12.7	0	12.7	0	12.7
Snowmobile Trails	16.3	0	16.3	0	16.3	0	16.3	0	16.3
Total Winter Trail Miles Closed to Dogs	97.4	0.6	98	0	97.4	0.6	98	0.6	98

* Does not include trail re-routes (see Table 2-10 for a direct comparison of the number of miles of trail available for recreating with and without dogs).

Indicator 6: Provides and Maintains Opportunities for Snowmobile Riding On and Off Trails

The following table displays how Alternative 2 modified responds to indicator 6 compared to the other alternatives.

Table 7a. Provides and maintains opportunities for snowmobile riding on and off trails: Number of miles of snowmobile trail by alternative.

Cascade Lakes Highway Area SNOWMOBILE TRAIL SUMMARY													
TRAIL TYPE	Alternative 1 No Action	Alternative 2 Proposed Action			Alternative 2 Modified			Alternative 3			Alternative 4		
	Total Miles	Proposed New Miles	Total Miles	Percent Change from No Action	Proposed New Miles	Total Miles	Percent Change from No Action	Proposed New Miles	Total Miles	Percent Change from No Action	Proposed New Miles	Total Miles	Percent Change from No Action
Snowmobile Trails	153.5	0.2	153.7	<1	0.2	153.7	<1	0.2	153.7	<1	0.2	153.7	<1

Table 7b. Provides and maintains opportunities for snowmobile riding on and off trails: Size of the Dutchman Flat play area (acres) by alternative.

Cascade Lakes Highway Area					
OPPORTUNITIES FOR SNOWMOBILE RIDING OFF-TRAIL DUTCHMAN FLAT SNOWMOBILE PLAY AREA					
Dutchman Flat Play Area	Alternative 1 No Action	Alternative 2 Proposed Action	Alternative 2 Modified	Alternative 3	Alternative 4
	Total Acres	Total Acres	Total Acres	Total Acres	Total Acres
Play area located at the south end of the flat	16.6	16.6	16.6	0	0
Play area located at the north end of the flat	0	0	0	16.6	16.6
Total play area acres at Dutchman Flat	16.6	16.6	16.6	16.6	16.6

Pages 12-13

The DN/FONSI makes references to the “temporary system of approximately two miles of groomed trails near Wanoga Sno-play” that is open to skiing with dogs. These references would be more accurately stated as the “temporary groomed trail, approximately two miles long, near Wanoga Sno-play”.

Page 5

The 0.6 mile nordic trail connector between Kapka Butte Sno-park and the Highway 46 underpass will remain open to dogs; however, when this trail connector converges with the main trail, existing orders prohibiting dogs north of Cascade Lakes Highway remain in effect.
