

File Code: 1950
Date: December 28, 2016

Dear Stakeholder:

I have decided to extend the comment period on the Draft Supplemental Environmental Impact Statement (DSEIS) for the Pack and Saddle Stock Outfitter-Guide Special Use Permit Issuance project. The Notice of Availability for this project was published in the Federal Register on November 25, 2016, establishing the comment period of November 25, 2016 through January 9, 2017. The extended comment period will now be open through February 8, 2017.

The forest is seeking comments on the information included in the Draft Supplemental EIS (available online at www.fs.usda.gov/project/?project=3752). All comments on the DEIS (published on August 31, 2010) were addressed in the FEIS. Therefore, previously submitted comments do not need to be resubmitted. They will still be considered in the analysis and decision process, and everyone who previously submitted comments will retain their eligibility to object.

Comments may be submitted by any one of the following methods:

- **Electronic Submissions:** Submit all electronic public comments via the Forest Service ecosystem management database. Go to: <https://cara.ecosystem-management.org/Public//CommentInput?Project=3752>, and click the "Comment Now" icon, complete the required fields and enter or attach your comments.
- **Mail:** Written, specific comments must be submitted to Forest Supervisor, Okanogan-Wenatchee National Forest, c/o Jennifer Zbyszewski, 24 West Chewuch Road, Winthrop, WA 98862; Fax (509) 996-2208.

Comments sent by any other method, to any other address or individual, or received after the end of the comment period may not be considered. All comments received are part of the public record and will generally be posted for public viewing.

Please contact Jennifer Zbyszewski at (509) 996-4021, or Paul Willard at (509)682-4960 for further information.

Sincerely,

MICHAEL R. WILLIAMS
Forest Supervisor
