

How was your visit to the Tongass National Forest?

...we'd love to know!

The shoreline of the Tongass National Forest is important to you, and the Forest Service needs your feedback to determine how to manage use at your favorite places on Admiralty Island National Monument and Hoonah, Juneau, and Sitka Ranger Districts. The shoreline zone in the analysis area is about 5,291 miles and includes the area ½-mile inland from the mean high tide.

Please take a few moments to give us your opinions online: www.surveymonkey.com/s/WPV6XLB
